

BAYLAKE BANK TALL SHIP FESTIVAL

Green Bay, Wisconsin

Saturday, August 14

Twelve vintage vessels will sail into the Port of Green Bay, dock on the shores of the Fox River and host a three day festival as part of The Great Lakes United Tall Ship Challenge 2010. Green Bay is only one of six ports in the USA and Canada and the only port in Wisconsin to be honored as a host.

A tall ship is a large traditionally rigged sailing vessel. Popular modern large tall ship rigs include topsail schooners, brigantines, brigs and barques. Traditional rigging may include square rigs and gaff rigs, with separate topmasts and topsails. The term tall ship has come into widespread use in the mid-20th century with the advent of The Tall Ship Races.

Visitors will be able to tour the ships, each offering their own historic story. Relaxing sailaways, entertainment and food and drink from dozens of vendors make this truly one of a kind festival experience. In addition, the Baylake Bank Tall Ship festival will include environmental programming on protecting our earth's natural resources.

Whether you are touring these vintage sailing vessels, relaxing on a sailaway, enjoying the entertainment or partaking of food and drink from dozens of vendors, this event is truly one of a kind.
