

MALL OF AMERICA

Bloomington, Minnesota

Saturday, November 20

Mall of America...where your Christmas season begins. Mall of America is the perfect place to shop for holiday presents, dine on scrumptious food, or partake in the great entertainment that they have to offer. An added bonus to all shoppers is no sales tax on clothing or shoes. That can add up to some nice savings... to buy more presents of course!

Often described as a city within a city, Mall of America is the nation's largest, fully enclosed combination retail and family entertainment complex. Over five hundred stores join anchor stores, Bloomingdale's, Macy's, Nordstrom, and Sears in this 4.2 million square foot complex. The Mall also has 14 movie theaters featuring the latest films as well as over 50 places to eat.

Bring the kids along for an early Christmas treat and let them have fun at Nickelodeon Universe, the only exclusive Nickelodeon theme park in the world featuring rides, Nickelodeon characters, shopping and food options. They'll love going for an exhilarating ride on Avatar Airbender, Spongebob SquarePants Rock Bottom Plunge or the Splat-O-Sphere 60 foot spring tower. They won't want to miss Butterfly Bay at Big Green Eco Park located within the Nickelodeon complex.

Mouse Mountain Adventure Golf is sure to be a hit. This 18-hole mini golf course is a sure recipe for some family fun. Or maybe a visit to see sharks is more their style. Underwater Adventure Aquarium has been voted the world's Best Shark Encounter and has over 4,500 other sea creatures as well. See them on a walk through the tunnel or on a submarine tour.
